Dear Paul Horgan:-

How very exciting, this coming up broadcast! I first heard from Mr. Walsh about a week ago. Then Father Angelico came in last Thursday and we selected seventeen pictures. You may have heard from him by now, but his choice was rather static pictures of historical and Churchly interest without people. Here is the list. I have just mailed the prints to Mr. Walsh. Father Angelico thought my storm over the Rio Grande Valley would make a good opener. And I suggested my own finale for an end to the discussion of your Great River. And the Acoma and Bishop Lamy's Chapel for Willa Cather. And ofcourse Father Angelico and La Conquistadora. And in the course of conversation Father Angelico intimated that you might say a word about that other book about the Rio Grande. A brief byline for the pictures is all that is necessary and I am only so pleased that you suggested the use of the pictures. I am very proud to be in such company.

I assume that you are preparing your script and I am sure this list would be of help to plan the key ins. News of this broadcast will be released to our local paper I suppose through the Church office here. If I figure correctly it will be 11 to 11.30 Aug. 26 our time.

Last fall I was in the east for a rush trip showing my Navaho slides all around, and I had a lovely visit with Anne Parrish twice, as I was visiting near by. She asked about you as she always does.

The best of luck and if there is anything more I can do, let me know.
