

Oct. 19, 56.

Mrs. Jean F. Leich,
AMERICAN HERITAGE,
551 Fifth Ave.,
New York, 17, N.Y.

Dear Mrs. Leich:-

Your letter and the enclosed list came several days ago, and I have been going over material on hand that I could send you. I regret that the time is so very short. But within a week I shall send you both color transparencies and a series of black and white. I am sending to an agent in New York who has several transparencies that might interest you. I hope he returns them promptly.

Recently I have recieved the brochure of AMERICAN HERITAGE which is most interesting and tempting. But my expenditures are being held to a minimum until I finish my Navaho book. Incidentally, an exhibition of my Navaho prints opens at the American Museum of Natural History on Nov. 1st.

This is primarily to acknowledge your letter and to let you know that I am assembling material. I have sent for fresh/large size color film, and hope that I can find an adequate subject with right conditions to try for your double page SOUTHWEST spread. We have been suffering such a prolonged drought that the country is burnt to a crisp.

Hoping that you may find material suited to your demands in the lot I shall be sending you next week, I am

Sincerely yours,
