Dear Mr. Shostal:\*

Thank you for your letter of July 2nd requesting information about the picture you sold Brown & Bigelow.

While on an assignment for a private individual who wants color transparencies of her garden, I saw the subject matter of this particular picture and requested permission to make it on my own. The lady is Mrs. A.O. Peabody, Old Pecos Road, Santa Fe, N.M. I processed the transparency myself. I have found it much more satisfactory to do my own processing.

As to a short biographical sketch of myself, I enclose it on a separate sheet, so if you should need it again at some future time, you will have it by itself.

Hoping to have new material for you before long, I am

Very truly yours,
