Dear Mr. Shostal:-

I have had a request for "nature subjects" from Miss Edna Bebbett of Gamma Agency, 60 West 55th St. for a forth coming book NATURE PORTRAITS OF AMERICA. I seem to have lost the list of transparencies I left with you. I have the number but not the list. Do you have a 4x5 CHAMISA IN BLOOM. or some such title. A grey-green shrub with yell w bloom, a dark pine tree and a fine sky. If you have it would you call Miss Behnhett and perhaps mail it to her for consideration for this book? I am sending her some of my Colorado Wild Flower series and four others.

Thank you very much

Very truly yours,
