

Dear Minor:-

For two weeks I have been trying to write a letter and never since the war have I been so pressed with much work.

When Nancy was here she said something about the possibility of my showing my Navaho Color slides if I came on to Rochester. As I have heard nothing further about this it must be off the agenda. And the way things are developing for me I see no chance of coming east before fall anyway. So all this is a round about way of telling you that I will not be seeing you in the next few days! I am going to make every effort to get out to Ansel's work shop in June. It looks possible now but between now and then there is much to do.

Ofcourse I am anxious to hear how my show has behaved itself and how Rochester liked it. I do want to see it all up together, and I shall for it is scheduled for here sometime this summer. At least here I shall be able to combine the show and the slides/

When the prints come down, just return them to me here. If they come by express, my street address is 409 Camino del Monte Sol.

Do let me hear from you when you can and in the mean time my very best to all.
