Miss Laura Gilpin
507 Camino del Monte Sol
Santa Fe, New Mexico

Dear Miss Gilpin:

American Heritage is preparing a pictorial book on the historic places of this country, to be published next fall. It will contain some 400 pages of prints and photographs, approximately one third of which will be in color.

I am now gathering pictures for the Southwest section of our book and enclose a listing of the kind of material that we need.

We have seen and admired your pictures in The Pueblos and River of Destiny. We would very much like to see any additional photographs of subjects listed on the attached sheet that you would care to send in for the consideration of our editors.

Since we hope to complete our selection of pictures for this section by the end of this month, I would appreciate hearing from you fairly soon.

Thank you very much.

Sincerely yours,

Jean F. Leich
