Dear Miss Gilpin:

I am sure that Hazel Abbot has already told you how enormously successful our exhibit of wild flower slides was at the recent meeting of The Garden Club of America. However I do want to add the thanks of the Broadmoor Garden Club members. As the letters of thanks come in by the hundreds, almost every one mentions the beautiful slides, and compliment us on providing such beauty and entertainment for them.

I expect you know too that we are hoping to duplicate the exhibit and donate it to the Colorado Springs Public Library, so that there will be many more hundreds of people to enjoy it in the future.

Thank you again for your interest and help.

Most sincerely,

Mrs. Aidan M. Mullett,
