Dear Laura Gilpin Photographer:

Enclosed my cheque for the print of the rug. Would you, however, please also make me a print of the Guatemalan rug which is in the care of E. Boyd.

She will know the one to which I refer -- blue cross-stitch on a burlap background. This I would also like to present to the Textile Museum here for its records.

When you talk to what I like to think of as the Instituto E. Boyd, please convey my compliments.

Sincerely yours and with apologies for this epistle being typed off balance, I am
