Dear Miss Gilpin:

I am terribly sorry that I am so late in my answer to your letter of May 22nd. We were in the process of moving to larger quarters in the same building and have been very busy settling down.

Yes, Three Lions is very well known to me -- they are a very reliable agency. I believe their forte is the picture story - the kind of material we do not handle so much. I would not like too much the idea of your giving color also to Three Lions, but of course no objection to their handling your black and white picture stories, and there they will do a very good job. In the sale of single color, we definitely are much better placed than they.

I am very glad I can combine this answer with the good news that we sold exclusive 1958 calendar rights on your transparency, flower garden Santa Fe (5 X 7) for \$350.00 to Brown & Bigelow. Enclosed is our check for \$210.00 for this sale. Transparency will be returned to us after use.

With best regards,

Sincerely yours,

Robert F. Shostal
