Dear Miss Gilpin:

Brown & Bigelow to whom we recently sold your flower garden shot, Santa Fe, would like to have a short biographical sketch on you (how you became a photographer, etc.), also additional information on the location of the flower garden, and some interesting facts about the actual shooting of the subject.

The above will be used for copy for the title page to promote the sale of the picture.

Will you kindly send all this to us as soon as possible? Many thanks.
