

November 25, 1956

Miss Laura Gilpin,
409 Camino del Monte Sol,
Santa Fe, New Mexico

Dear Miss Gilpin:

At a recent meeting a nominations committee for the Archeological Society of New Mexico nominated you for one of the positions of Trustee for the Society.

We hope that you will be willing to accept the position and can assure you that the duties will not be exacting. The term of office is four years and the constitution calls for a meeting of the Board every second year, while the legislature is in session. The next meeting will be sometime during January. In addition, either four or five special meetings were held during the last two years.

At the present time our principal concern is to stimulate interest (and membership) in the Society and, through it, to give more benefit to those people of New Mexico who are interested in archeology.

If you are willing to accept this nomination- it is equivalent to election- please let me know. I sincerely hope that you will accept.

Sincerely yours,

Charlie R. Steen, Chairman,
Nominations Committee
