Dear Laura:

You are very kind to try to arrange to have your show shipped here with extreme alacrity. But I would rather that sufficient time be given both the Museum of Natural History and ourselves to handle the prints carefully, and plan the show for its best presentation. So let's leave the dates as previously set, February 15 to April 1.

I am planning on giving over the entire gallery to the show and the 95 prints will probably be just about right. If possible publicity photographs ought to be here about a month in advance, or earlier if you are in the mood.

Greetings from everyone. Beaumont and Nancy are safely settled in their house now, and it looks better than ever.

Cordially,

Minor White
