Dear Laura:

The slides went off last Friday via express prepaid, value \$500.00. I do hope that they reach you safely and in the same good condition which I received them. Again, I must thank you for your generous assistance. The members of Bruton Parish Church were most enthusiastic about the pictures and Rev. Francis Craighill asked me to extend his personal expressions of thanks and appreciation for making your photographs available. It was a tremendous boost to the program and, of course, made all the difference in the world so far as my talking was concerned.

I expect to be in New York very shortly and will contact Mrs. Abbot, probably by telephone at first. If I have a chance to call on her I shall do so. Fond greetings to you all.

Sincerely,

Mitchell A. Wilder
