Santa Fe, New Mexico

Dear Miss Gilpin:

This is just a note to thank you for the very enjoyable time that my wife and I spent with you in Santa Fe.

Under separate cover I am sending you two dozen of the post-cards that we made from your color photograph of the Queen's Bowl. I hope you like them

I was pleased to learn that you would be interested in photographing more silver for us in the future. I will get in touch with you when the occasion arises.

Chuck and Margaret are both fine, and he is enjoying his new job. They both send their regards.

Sincerely,

William DeHart
