Re: Camden Nos. 34977 & 34989

Dear Miss Gilpin:

In answer to the notation on the bottom of your returned invoices on the above captioned policies, you are advised the fire rate on your dwelling itself is 20¢ per \$100 of insurance. The rate for the studio and contents is a specific published fire rate, 53¢ per hundred on the studio, and 97¢ per hundred on the contents. The rate is higher than the house because of the photographic work done on the premises.

Yours very truly,

HOWELL EARNEST AGENCY
