Dear Mr. Aldridge:-

The photographs you selected early in the summer are just about ready, and I will ship them early next week via Railway Express. Parcel Post just isn't safe on large mounts.

In order to have everything for you by October first, I should send the transparencies to my laboratory for the enlarged transparencies. I have their quotation on these. They list two grades, one commercial, the other custom grade, which are the best possible duplicates of the original.

The cost of Commercial grade is \$12, for an 8x10. The Custom Grade \$25. for 8x10 \$35 for 11x14. The Custom Grade is definitely the one to be desired. With my fee for the use of these, the cost would come to \$50. each. You selected seven.

On a separate sheet I am listing both the black and white prints and the color for your reference.

I am hoping to get over to the Reservation for a ten day trip leaving the end of next week. If possible I should like to send in the color transparencies before I go, so that they will be made and ready to ship to you just as soon as I get back.

I trust that the prints will reach you in good time and perfect order. It has been a pleasure to make them for your museum and I do hope I may someday see your new Indian wing.

With best wishes, I am

Sincerely yours,

August 22,
