

Sept. 10
1957.

Dear Bishop and Mrs. Jones:-

Here are the small color proofs. I hope that you will like them. They are numbered for your convenience. They are all good in color, I think, and it remains your choice of pose etc.

Any of these should yield excellent prints when made on the new paper with proper correction. I know they will enlarge adequately to 5x7 and possibly 8x10.

With these small negatives and for the best quality prints, prices are as follows:-

The sitting and your choice of any 4 prints size 5x7, best quality work	
(similar to the print I showed you of the interior)	\$75.00
first print on any additional choice	15.00
duplicates on any ordered @	7.50

Should you want some small ones for Christmas cards, size 4x5 mounted on white card	
with envelopes	lto 9 @ \$3.
	10 or more @ \$2.50

I am getting off on my trip Navahowards on Saturday and will be back by the 25th, and will complete your order immediately on return.

My very best wishes and hoping you will like these,

Most sincerely
