

Sept. 10
1957.

Dear Nancy:-

The transparencies came in this morning and I have just been checking them off against the list. There are two missing, whether they were at Aspen or in Rochester I do not know. On my typewritten list, No. 8 NAVAHO PEOPLE AT THE FAIR, and No. 25, DEER DANCE, TESEQUE PUEBLO.

I do not know if you are holding these for possible inclusion or if they are mislaid, but I do want to acknowledge the receipt of all the others and notify you about these two. You have had in all 37 transparencies of mine, 36 in one lot and one set by itself. Ten were returned from Aspen by Mr. Bayer, twenty two from you to day, three you are using, two missing.

I don't envy you keeping track of everything!

Thanks a million and the best of luck with the show.

Am off Saturday for my wind up trip.
