Joseph A. Ossen Co.,
2143 Court Place,
Denver, Colorado.

Dear Sirs:-

Will you please send me two
rolls of the seamless paper in size 107" by 12 yds
No. 23 (White) and 24 (black), one of each.
Also 2 10sheet pkgs. 11x14 Gevaluxe paper
and 1 25 sht pkg. Ilford 8x10, mat double
wt.

For many years I have had an account
with you when I lived in Colorado Springs,
and have been in the store several times
since I have lived in Santa Fe. Will you
please bill me for this order.

Very truly yours,

Ossen's Are Now Stocking The Eastman-Kodak Line

We are proud to announce that Ossen's now carries the **complete** line of Eastman-Kodak supplies. Film—paper—chemicals—accessories...we're stocking them ALL...we're ready to give you immediate service on all orders. So when you order your Eastman supplies and accessories, think first of Ossen's—the Rocky Mountain area's **NEWEST** Eastman dealer!

We'd like to have you meet—via the Newsreel, Ross Madden, new sales service representative for Ossen's. Ross has had many years of experience in professional photography and many of its allied fields. He's well-qualified to assist you wherever and whenever necessary. And, as Ossen's representative, he stands ready to acquaint you with our services to you.

Ross will be calling on you—and other professional photographers in the Rocky Mountain area — so, be looking for him.

Service is more than a word with Ossen's. It's a tradition! So—depend on Ossen's traditionally fine service on all your photographic supply and equipment orders. And, of course, on orders of \$100.00 or more, we pay all shipping costs. Two other names to remember: Ansco and DuPont. We stock the complete lines of both companies and are equipped to give you immediate service on all orders.

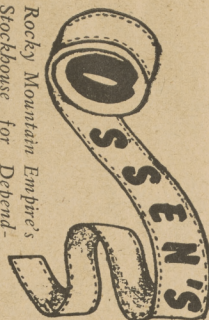

Your response to our Swap 'n' Sell page last month was literally overwhelming! Why not turn to page 3

right now—and see the items listed there. (Do yourself a favor — and carefully check ALL the items on page two, too. We've cut prices tremendously on some of our better new and used equipment. There are some exceptional buys listed—and you'll make substantial savings on each item featured.)

Our congratulations to the beautiful "Miss Denver Press Photographer" chosen at the National Press Photographers' ball at the Cosmopolitan hotel on October 19th. We wish her a most happy and successful reign.

Just a reminder: Ossen's stocks a full line of Ilford film and papers. If you haven't yet tried this superb line of products, we invite you to do so. The Ilford Multi-contrast paper, for example, affords sharper contrasts, deeper blacks, finer overall depth.

And the name Ilford on the products you buy is your best assurance of unvarying quality. So, next time you order film and paper, try Ilford. We're sure that once you've tried the Ilford line, you'll be just as enthusiastic as we are.
