

June 17, 1957

Dear Miss Gilpin:

When recently in Denver and the mining area of Central City and Leaville, we saw "Gilpin" many times and thought of you.

On the new hotel for Denver, on which I am working, I havenbeen recently thinking about something interesting to substitute for the horrible pictures that are usually found in hotel bedrooms.

It occurred to me that perhaps you would know about, or have access to, old photographs, prints and the like pertaining to the silver days of Colorado.

Perhaps even things that could be reproduced.

If you have any ideas on this subject, please let me know.

Susan and I send you our best,

Sandro
