Dear Miss Gilpin,

This is very late to be thanking you for your much appreciated Christmas card and message.

Also very late to be reporting on my visit to your exhibition of Indian photographs at the American Museum of Natural History.

I found the exhibit exceptionally fine in every respect. Beautifully arranged, well advertised throughout the Museum, and apparently very well attended. I greatly enjoyed seeing it and I know you will be interested to get these comments.

I hope you are making some further progress with the book.

I will return to New Mexico at the end of next month and will plan to get in touch with you soon after that.

Very best wishes to you and Miss

Foster,
