Dear Laura --

"Colorado Magazine" Oct. 56 carries an article by Nathaniel P. Hill on a trip he made with Governor Gilpin -- very entertaining and colorful. Also a photograph of the Governor. Will send it on if you haven't seen it.

Today talked with Hermine Turner who said you and Brenda Putnam knew Antoinette Hervey (p?) who did so many pictures of the Cathedral of St. John the Divine - in "paladium." No one at the Cathedral remembers her or knows about the fotos. Said they have a "rapid turn-over" of staff and no one has been there longer than 15 years! Do you know what became of her pictures and why she spent her life on this one thing? (Ira Martin at the Frick Museum said she did.)

Have you been on the reservation this summer? I hope you made Yosemite. Anxious to hear how you are.

All the best to you and Betsy.

Sincerely,

Willie Percival
