Dear Laura:

We will send you the high boy as soon as a van starting for Santa Fe comes through here. No charge. We are more than glad to send it to you.

Both Marka and I are more than delighted for you to have it because it was one of your father's best pieces. I am sorry it is so big but I hope you can get it into your house without taking off the roof !

We are leaving for California on Monday next and will certainly give you a call when we get into Santa Fe because we are going that way.

With much love from us both,

Wolcott
