

Miss Laura Gilpin

409 Camino del Monte Sol
Santa Fe, New Mexico

Dear Miss Gilpin:

At the November meeting of the Trustees of the Archaeological the suggestion was made by Mr. Keller that we should look into various aspects of the problem of the Society offering a scholarship in the field of Southwestern archaeology. He asked that Fred Windorf, Dr. Ellis and myself discuss this and to make a recommendation at the regular Society meeting in January. With this in mind I would like to make the following suggestion contained in the second page of this letter. I would be very appreciate if you would give me your reactions, suggestions, etc. so that we may rework these suggestions in order to present them to the Society.

For what ever they may be worth here also are a few ideas on the subject of members for the Board of Trustees of the Society. I personally would like to see that we obtain someone from Albuquerque, and perhaps also someone from the very active society at Los Alamos, and perhaps from the society at Hobbs or Carlsbad. Above all it seems to me that we should obtain mebers who will find it possible to attend most of the meetings, which certainly is not the case at present, with several of our members, and also we should seek out persons who will give us a better geographic distribution. For at present, although we are a state society, most of our members are from Santa Fe.

Sincerely,

Dr. David Gebhard
