Mr. Alden F. Megrew,
University of Colorado
Boulder, Colorado

Dear Mr. Megrew:-

Your letter still has not arrived. Our P.O. no doubt, for this has happened before. Letters get put into the wrong box and then it is up to the receiver to return them, and often they will not bother about it.

I have selected 55 prints from my entire show and they are packed and ready for shipment the first thing to-morrow morning by express. There is one specially mounted print which has been used as a sort of poster. This is packed separately and the rest of the prints are in two regular shipping cases.

For your information, these prints have been shown in the following places:

American Museum of Natural History, New York
George Eastman House, Rochester, N.Y.
Oklahoma State University
Laboratory of Anthropology, Santa Fe.
Colorado Springs Fine Arts Center.

I am planning to leave here on the 18th, and stay overnight either in Colorado Springs or Denver and come up to Boulder the morning of the 19th. I hope there will be time for a short rehearsal with the lantern operator before hand and there are several little things to explain etc. The timing for the short sound effects and my method of slide change.

It is kind of you and Mrs. Megrew to want me to stay over night and I shall be most happy to do so.

If there should be any reason for further communication my telephone number is Yucca 2-0032.

Trusting that everything reaches you in good shape, I am

Sincerely yours,
