

Dear Mitch:-

Ever since I sent you the clipping I have been meaning to write. That clipping was so very evidently censored that it made me a bit mad. Solely because it played you down instead of up. No mention of what you have been doing since you left Colo. Springs, no mention of the other Museums for which you have made surveys. The town seems to be in a state of waiting. I have talked to Mrs. Curtin. She is working for you hard and is talking up getting you here for a year to put this into effect. But the opposition is trying to put some of your suggestions into effect before your report.

I assume that the School will give adequate publicity to your return and the report, and to your work and background.

You will be interested in the enclosed editorial in yesterday's paper. Did you talk to Burroughs at all? I rather imagine not until after election. Many to whom I have talked do not want a return of the present. Perhaps it would be better for you and the report if it were a clean fresh start, I don't know.

Will there be any people to whom you would like to talk on your return? Mrs. Curtin and any others? If so and you want me to ask them here, just let me know.

I hope you are having a successful time in L.A.

Best wishes,
