Mr. Clark G. Evernham,
San Diego Museum of Man
Balboa Park,
San Diego, California

Dear Mr. Evernham:-

Somehow I have been so busy for the past two weeks that I have not sat down at my desk. Your letter came ofcourse some time ago and the prints are on their way to you right now. I hope I had just what you wanted.

As to my Navaho slide showing & talk, I have not had time to do anything further. I have never had an answer to Mr. Wellingtons request, so I still do not know if I shall be coming out. However, I believe that I can get two or three dates in the Pasadena, Los Angeles area and possibly Sart a Barbara, and just as soon as the pressure lets up a bit, I will get off some letters. I guess I am not very good at drumming up trade for my self. I could not possibly come until after the first of the year, so I hope I can accomplish something between now and Christmas.

On exhibition prints of the quality I have made for you, I usually get \$20 & \$25. depending on difficulty of obtaining original. Would \$150. for the set of eight fit your budget? I hope so. It seems that photographic costs do nothing but go up and up. It is all very difficult to figure out.

How long will your show be up? I would certainly like to see it.

I t ust these last prints reach you on time and in good condition. I regret that the mounts are not quite the same, but the supply house here was out of stock and these last ones are a fill in.

Thanking you for your interest in my efforts, and hoping that I may yet get to San Diego, I am

Very sincerely
