Dear Miss Wentworth:-

Thank you very much for your letter of July 6th and the return of the photographs which came back a few days before. I am just home from a month in California. I went out as a guest to Ansel Adams summer photographic workshop in the Yosemite. Had a wonderful time and did a lot of work and I hope I have a number of things that may be of interest to you.

The climax of my trip was a 48 hour stay with the Nat Owings in Big Sur. It never occurred to me until I was on my way home to wonder if you and Margaret were related. You are probably sisters or something equally obvious. We spoke of Miss Gordon's visit to Big Sur, of the January 59 "awareness" issue and her beautiful Onion drawing and the fact that you at that moment had some prints of mine for consideration.

Anyway we had a good time talking and all in all I had a most stimulating trip. Whenever you want me to send in material just drop me a line.

Most sincerely
