Dear Miss Gilpin,

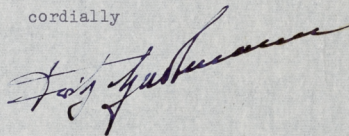

Thank you so much for your letter of April 11. I am sorry that I have not given you the estimate in New York; but I got your letter the last day and the time was too short.

We guess that we have to charge you for a portfolio as you discribed in your letter for 500 copies \$ 2.115,--. But this is a very rough estimate, and I am sure it will be less if we can see your dummy. Be kind enough to send it, and then we will make you some samples and give you an exact price.

I want to tell you that the time I had in Santa Fé was just marvellous.

Looking forward to hear from you

cordially
