Dear Laura:

22 years have passed since the trip with you and Mitchell Wilder around New Mexico, and we remember it all with intense pleasure.

I write now to ask your help: I am getting out a book on ancient American art in London and must find photographs of the following buildings:

- 1) Uxmal, Nunnery, west edifice from courtyard, showing entire length
- 2) Uxmal, Governor's House, east front, shown entire without the usual deformation owing to shooting up from below the platform of the building.

If you have such photographs, might I see trial prints?

Sincerely,

George Kubler
