stamps at this time.

Dear Miss Gilpin:

We are greatly obliged for the opportunity you are giving us to examine your manuscript, which has arrived safely. It goes immediately to our readers. As soon as the reports are in and I can evaluate them, probably in six to eight weeks, I will be in touch with you about the prospects of this work for our list. You may be sure that submissions like yours mean much to the ultimate success of our publishing program.

Yours faithfully,

Savoie
Savoie Lottinville.

Miss Laura Gilpin
