MARGARET WENTWORTH OWINGS
BIG SUR
CALIFORNIA

Dear Laura = Sunday.

Could you mount the photographs
to lie free in a folder (not spiral)

Could you make us a folder —

Something a little more substantial
than a piece of folded paper —

Could there be a label on
this folder (perhaps printed by

the girl you mentioned) →

Label:

(bird is singular
meaning the house
not plural!
meaning
no.)

WILD BIRD

BIG SUR

MARGARET AND NATHANIEL OWINGS

the colored shot of Nat + me on "our picnic"
- do not mount. I shall put it in
our photograph book. I hope I
asked you for 2 prints of the
front door interior shot (I want to give
one to Gordon Newell who did the wood
carving hanging on the wall). Best. Margaret
