Laura Gilpin Photographer
Box 1173
Santa Fe, New Mexico

Dear Miss Gilpin:

I realize the problem of doing creative work as well as coping with the secretarial and clerical details.

The projectoscope we are getting will take only 2" x 2" or 35 mm slides. I expect they would be subject to damage from fading or handling so they should be duplicates. It shows a series of sixteen.

I would be interested in purchasing 25 - 30 of your slides in 35 mm. Some pottery would be fine, but I would also like pictures of people doing things or home scenes, craft making, etc. to give background and human interest to objects on display. Please let me know the cost of your slides.

Yes, we would like to have you give an informal slide talk, if you can.

It is desirable for us to know by the 3rd of the preceding month so that advance publicity can be sent to various organizations. Our own announcement is made up on the 10th of the preceding month.

Sincerely,

Henrietta M. Perry
