

UNITED STATES INFORMATION AGENCY
WASHINGTON

September 2, 1959

Dear Miss Gilpin:

Our U. S. Information Service post in Tokyo, Japan, in sponsorship with a Japanese firm, is preparing a modified version of "The American Spirit," the exhibit organized by Nancy Newhall and to which you provided photographic material. As is customary in Japan, the sponsor, NIHON KEIZAI, a major newspaper, proposes to publish a booklet for sale at the exhibit site for a nominal sum.

NIHON KEIZAI has submitted the list of photographs it wishes to incorporate in its booklet and has requested publication rights. Since your name is included in this list, we should like to have an expression from you whether or not you wish to grant publication rights.

To make it easier and to expedite your answer (the booklet is for publication early in September) we have prepared a form below the dotted line, with a place to indicate your decision and for your signature.

Please return this form as soon as you can. Your cooperation will be most appreciated.

Sincerely yours,

Eugene A. Schnell
