Dear Miss Gilpin:

Our organization is interested in obtaining the enclosed tearsheet which accompanied the Cynthia Kellogg article, "NEW LOWER-LEVEL TALKS" in the November 22, 1959 issue of the New York Times Magazine.

For the right to reprint pictures of this kind we have been paying \$6.00. I realize this is not much according to American standards but would like to emphasize that our dollar supplies are severely restricted by the Australian Government. You are also aware that Australia is a small field compared to the United States.

If the price suggested is acceptable, will you kindly contact us at your earliest convenience and I will ask Australia for approval.

Thanking you in anticipation, I am,

Cordially,

Leo F. Armati
