Dear Miss Gilpin: -

I have had your card for 2 days but suffered a mild illness which has not permitted me to climb stairs or exert myself this weekend.

I think the \$150 a bit high and wonder if you can include in this price 8 coloured prints of the 8 coloured subjects of which

you are making 2 slides
each. It would seem to me
that the making of the
coloured slides involves a
factory job and that
while they are processing
the slides they should
also prepare the coloured
prints (not very large but
sufficient for use in
illustrating article which
I submit to magazine).
Could these be done
within your estimate?

I do not mean to bargain
with you as I am Sure your
charges are very fair But
at the same time, since I will
need these prints eventually
I thought we ought to
consider having them done
right away, I know
nothing about factory
processing costs so
perhaps it is unreasonable
to suggest that this
extra work be included.

in your estimate.

Please go ahead on ~~#~~ 150
basis if you can see
your way to include
these extra prints. Other-
wise drop me another
card or call 753-2709.
By Monday I shall be
allowed to go down
to telephone.

Thanks so much

Mina Collier

P.S. we have ten parties on our line.
