Mr. C. Boone McClure,
Panhandle-Plains Historical Society
Canyon, Texas.

Dear Mr. McClure:-

Thank you very much for you letter and your kind response to my Navaho program. I shall be delighted to come on this Texas-Oklahoma tour if we can arrange the dates to suit all concerned. I go the Nelson Gallery in Kansas City with a second show at Wichita on my return, reaching home on Oct. 12. I shall need at least a week to catch up on work that I do not seem to have cleaned up before I leave on Wednesday. Any time after that will be quite satisfactory to me. I have also had a request from Mrs. Cartwright in Denver, so this might fit in with your group.

I have to confess procrastination in writing to Nan Sheets but the letter is written and goes off with this mail. I have suggested that she write to you if she is interested so that dates could be worked out.

It will be a pleasure for me to see all these Museums and to know those who operate them.

Thanking you again for your interest, I am

Very sincerely yours,

I have my own special projector (my slides are 3 1/2 x 4) but I would need a screen and the short use of a tape recorder.
