Dear Peter,

It is over a month since the final material was sent in to you. I have heard nothing from anyone. I trust that you received the transparencies and that they were satisfactory and with the retakes completed the job. I trust that there is no question on the bill. I had hope to receive a check by the 10th but so far nothing has come it. It will probably come to-morrow just after I have mailed this note. Things so often happen that way.

With the best of wishes,

Sincerely
