Miss Laura Gilpin
Santa Fe
New Mexico

Dear Miss Gilpin,

I talked with you while attending the Mountain-Plains Museums Conference in Santa Fe about a lecture to be given in Canyon at your convenience. I wish to report on my activities to date.

I discussed your lecture with Dr. James Forrest of the Gilcrease Art Institute in Tulsa. He said that he would be glad to schedule you for an appearance, but that he would have to check his calendar before he could give me a date for such a program. To date I have not heard from him.

I asked Mrs. Holden of the West Texas Museum in Lubbock about your appearing there, and she said that she would be glad to schedule your program. I am waiting to hear from Dr. Forrest before I ask Mrs. Holden for a definite date for your Lubbock appearance.

I think that I can schedule your appearance here to coincide with the date that Dr. Forrest suggests. I have asked the Canyon Rotary Club if they would care to sponsor your lecture here, and they have agreed to present the proposal to their next Board meeting. I attend those meetings and will be able to join in the discussion at that time. I am hoping that they will accept the program and will be able to answer in the near future.

I did not contact Mrs. Sheets of the Oklahoma Art Center since you said that you were contacting her. I hope that we can give you a tour of lectures that will meet your approval.

Sincerely yours,

C. Boone McClure
