Dear Miss Gilpin:

On behalf of the Laboratory of Anthropology and its Library, we thank you for the beautiful Golden Book edition of Oliver La Farge's The American Indian which you gave us recently. We are especially pleased with your inscription in appreciation of Stanley Stubbs.

The Golden Press has done an excellent piece of work in adapting Mr. Lafarge's original volume for this edition and the fact that the illustrations are in color adds to its interest and value for our collection.

Thank you again for your kind generosity.

Sincerely yours,

Ruth E. Rambo
