

1961

Mr. Arthur M. Anderson
and the members of his family
are deeply grateful

for your expression of sympathy

Dear Miss Kippsin - Thank
you for your note of sympathy.

father. Alice loved the West
and fought under the doctor's
prohibition of the altitude
until she was stronger. It
was unsensible home over
there and an atmosphere
in which Alice could follow
her love for painting. I am
going over with my older
daughter for a short visit later
but it will be a difficult
experience.

I wonder if you recall a
little I sent from the Times asking
whether my daughter could
get some reproduction of one
of the pictures of Alice you took
years ago. My secretary sent
it with the address he had which
may be incorrect. Could you
let me know? I can send
you a copy if you desire
recieve it. Sincerely Anna Audlin
