Dear Miss Gilpin:

A few days ago I received a finished print of each of two photographs, one of Mrs. Anderson alone at her easel and one which included both Mrs. Anderson and myself. It may be that the photograph of Mrs. Anderson alone at the easel is the one which my daughter, Mrs. Hufstader, would like to have printed but she is out of town and I can not get hold of her at the moment.

Meanwhile I am writing to ask whether there are any other proofs you have of photographs which you took of Mrs. Anderson alone at Vidi Aquam. If so, would you be good enough to let me have copies?

With thanks in advance, believe me

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Arthur W. Anderson", with a long, sweeping horizontal line extending to the right.
