Mr. Eugene Klecan,
712 Simms Building,
Albuquerque, N.M.

Dear Mr. Klecan:-

On July 25 I received a letter from Mr. Charles R. Rice of the State Farm Ins. Co, regarding Claim No. 31-045-811. He advised me that I would hear from you regarding this claim. As I know that time is getting short on this, I want to advise you that I shall be going to a ranch up the Pecos river either Wednesday or Thursday (possibly both days) of this coming week. This is an assignment I must complete next week, and as so often in my work, the weather may or may not cooperate.

In the event that you may wish to get in touch with me by phone, I shall in all probability be at home most all day both Monday and Tuesday but I shall be out both evenings from 7.30 on. My phone number is YUcca 2-0052. Will you want me to bring down any one of the three witnesses who were riding with me in the car? They all testified that I had been driving for some six or eight miles on the inside lane and I was in the act of passing another car on my right when Mr. Cookson's car suddenly appeared on its side to my left out in the median. I slowed down pulled in behind the car on my right and avoided any collision. My car was not touched nor did my car touch the car on my right.

I assume that you have seen both the State Farm file and the police file. The charge that I was negligent is without warrent whatsoever. I shall await word from you and assure you of my complete cooperation.

Very truly yours,
