

July 21, 1961.

Mr. Earl Seymour,
350 West 31st St.,
New York, N.Y.

Dear Mr. Seymour:-

I am at a loss to understand why I have not heard from you for three weeks. My letter regarding the 105mm lens for the Optika as well as the lens plus my Steinheil 165mm and the Multiscope should have reached you some days before you sent the 180mm lens. I have heard nothing from you in nearly a month's time.

Since the arrival of the 180mm I have been able at last to test the camera. The 180mm is too long for my specific needs. I am returning it with this mail as well as the roll film holder which in the first place was the wrong size and in the second place I do not like at all.

I signed a contract with you in very good faith in view of your earlier correspondence offering free trial of the camera. When I signed this it was with the understanding that the 135mm lens wish was my first request, had the pre stop adjustment.

I have exposed two film packs and one roll film with the camera with 180mm lens. One of the problems of living at a distance where certain cameras such as this are not available through dealers, it was necessary for me to see and try this.

I am finding that camera is not going to be suitable for my specific need. I should like to return the entire outfit, but before I do, I want to find out just what adjustment we can make.

I have sent you to date a total of \$152.69 in cash.
I am returning herewith 2 items totaling \$89.95,
(180mm lens & roll film holder).
You have 2 items of mine.

The fact that the roll film holder has no stop
for exposre turn, that it must be done visually,
makesthe camera not what I need.

May I please hear from you as quickly as possible
so tht we may settle this business.

Very truly yours,

lens or film holder Seymour's
