Dear Sirs:-

I acknowledge receipt of your check for \$150. sent you for the trial of the Optika. You make no mention of returning my Steinheil lens but I assume that it will come shortly. I suggested that you keep the Multiscope to compensate for all the bother. I notice that you have deducted the sum of \$2.69 which I had sent with the \$150. to cover the postage. I just want to get us all straighten out.

Very truly yours,
