Miss Laura Gilpin
c/o Arizona Highways Magazine
Highways Building
Phoenix, Arizona

Dear Miss Gilpin:

We have started production on a magazine, Clipper, which will be on Pan American planes around the world. In the November-December issue we have an article by Oren Arnold on the hand-made crafts of Indians in the American Southwest, particularly the genuine silver jewelry and the Indian rugs Navajo rugs are mentioned specifically. The article is titled, "America's Only Crown Jewels."

Mr. Arnold said you had both black and white photos and color transparencies which could illustrate the above article. If you would like to send us a selection, we will be very happy to consider them.

Cordially,

(Mrs.) Jeanette Noble
Editorial Director
