Dear Madam:

I was very pleased with the photograph of Mary Wheelwright which was reproduced in a circular which I received from the Museum of Navajo Ceremonial Art. Mary was a cousin whom my wife and I liked very much.

We would like to obtain a copy of this photograph, and a letter from Mr. Kenneth Foster refers me to you. He says that you will be away at least until the end of February. Nevertheless, I am writing now to ask you whether you will make for us a copy of the picture? *Print*

Foster's letter says that the photograph, as published, was cut down from a larger one 8x10 showing Mary in an armchair. We should not want a picture quite as large as this and we might prefer to do without the armchair. We liked the half-tone as it was, without the armchair, but of course we have not seen the original.

Please kindly advise me at your convenience.

Sincerely yours,

George C. Shattuck
