Dear Miss Gilpin:

It has been very nice to hear from you again after such a long time. I have looked over your pictures with great interest. We are holding eight (8). The balance is here-
with returned to you together with our receipt.

Thank you for your offer of a commission for your sale to Golden Press, but \$25 makes it really too small an apple to cut into slices. I do remember this project, and I suppose I should mention that we got from them \$75 to \$100 for the same picture. I suppose we could have gotten the same amounts for your pictures if we had handled it. This information, is, of course, only for your personal examination.

Lately, we have more requests for Aztec and Toltec ruins than for the Maya ruins. Therefore, if you did anything of the former, I would like to get them.

Best regards.

Sincerely yours,

Walter L. Shostal

P. S. We seem to have frequent requests for golden art objects, naturally of a historic nature. If you happen to have any such subjects please let us see them.
