

UNITED STATES INFORMATION AGENCY

WASHINGTON

August 16, 1961

Dear Miss Gilpin:

A story on progress among the Navajo is being planned by the United States Information Agency for use in its overseas information program. We are looking for recent photographs which can illustrate this story. Todd Webb has referred us to you.

We would very much appreciate it if you could let us see contacts, prints, or transparencies as soon as possible on any of the following subjects:

1. The Tribal Council at Window Rock
2. The new Navajo sawmill and the lumber industry on the reservation
3. The Navajo Farm Training Enterprise at Shiprock--a 1200 acre agricultural school with a two year course in irrigation farming
4. The uranium milling plant at Shiprock
5. Construction
6. Health
7. Education
8. Navajo tribal leaders - Paul Jones, Scott Preston, Annie Wauneka and Dillon Platero

In addition, we need pictures to accompany biographical sketches of Maria Martinez of San Ildefonso pueblo and Edward P. Dozier of the University of Arizona at Tucson.

Since we have a short deadline on these stories, would you be kind enough to let us see your material by August 23rd if possible? Our address is: United States Information Agency, America Illustrated, 1776 Pennsylvania Avenue N.W., Washington 25, D.C. If there is any question, please telephone me collect at Washington area code 202, DUdley 3-2420.

Thank you very much for your assistance.

Sincerely,

Laura Winslow
