Miss Laura GILPIN
P.O. Box 1173
Santa Fé
New Mexico (U.S.A.)

Dear miss Gilpin,

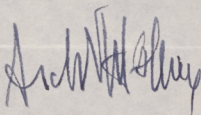

I had your adress by mister Alexander Girard. I am at the end of a study on "Indian Pueblos,, that will be published in the next two weeks.- When I was in U.S.A., travelling around the South-West, I took a lot of photographs on Indian Pueblos, mainly in Taos, San Ildefonso e Acoma.- I was'nt able to take any photographs of interiors of indian houses and of "Kivas".-

If possible I would like to have two or three photographs of interiors of indian houses and three or four photographs of interiors of "Kivas,, of the various tipes (rectangular, circular, isolated, included in the bloks of houses, etc.).-

Also I would like to have three or four photographs on the best artisanal pueblo production (pottery, texiles, carving, silvery jewelry), and two or three of masked indian dancing. Naturally always if possible.- As soon as you will let me know the amount of the expenses I will send it throu my bank immediately.-

Thank you very much
I remain yours

very truly

Please use air mail otherwise the mail will reach me after several weeks.-
